D/I: CHIEF, D/I, ATTENDED LECTURE at the Industrial College, GIVEN
BY Col. H. F. Sykes, Jr., CHIEF, OFFICE OF PROGRAMMING, MUNI-
TIONS BOARD. The SPEAKER OUTLINED the METHODS they use IN
OBTAINING INPUT DATA FOR MILITARY ITEMS. Working from bills
of material on the Aircraft industry, they came up with the
requirements for aluminum, steel alloys, copper, lead, nickel,
etc. Col. Sykes claims that they have paid as high as \$200,000
for bills of material on a B-36 and that the average charge
for major end items run close to \$40,000. They have discovered
in many cases that the bills of material were far off actual
requirements causing frequent revision of CMP planning.
